In Ireland since 1974

50 YEARS
Husqvarna®

In 1974, the first Husqvarna Saw imported by Liffey Distributors (Husqvarna Ireland) was put to work in Druminuna, Ballysteen, Co. Limerick and became the starting point of Husqvarna's business in Ireland. That same saw is still going today and last year Ballysteen, Limerick cemented their relationship further with Husqvarna by becoming one of the first GAA clubs in the country to install the Husqvarna Automower® (automatic robotic mower) onto their grounds. We at Husqvarna Ireland are very proud of where we came from and we are very grateful for all the support we have received over the last 50 years from you our customers. Thank You.
